Hello Ladies!

I'm very excited to begin fishing again on our 2017 charters. The first two charters were a little challenging as far as the fishing went but everyone was enthusiastic and a good time was had by all.

I want to thank our new board members of 2017, Susan Sosa, Bev Robertson, & Darlen (Pinky) Lee, what a great addition you all are to the DWLA board! Thank you very much for all that you are doing for this great club!!

Our Banquet Committee Chair position is still vacant and the board is currently looking to fill that position. This Charter Chairperson Position is basically active during December through early February when we hold our annual DWLA banquet. There are 3 very experienced members who will be working with the banquet chairperson and we have a detailed timeline to guide you through all the duties during that period. It would be helpful if the person lived in the nearby area but not mandatory.

Please let me know if you are interested or have any additional questions regarding this position.

See you all onboard soon! Agnes

Since fishing has been slow, point slips are all current. The ladies had a nice wack at the yellowtail on the Catalina trip so some trophy contenders were turned in.

## Captain of the Day Report

Susan - [cardiosue@hotmail.com](mailto:cardiosue@hotmail.com)

Trip #2 May 24, 2017 - Captain Kellie

Best Day Ever!  
There were 2 hats lost!

We started out on a gloomy cold day fishing south of Box Canyon. Only one or two legal fish were caught. We worked out way south - for more of the same - Nothing :(

We had 1 new member join us, Soraya Nakumura. She says she had a blast. This was her first time fishing without her husband - she's hooked!

Pinky gave Soraya casting lessons on the bow and she's ready to show up her husband.

Erin lost her favorite lucky lucky hat and the fast acting crew retrieved it! Hurray for the crew!

The last stop proved to be the best as several short calicos and a few legals were caught along with some sandbass

The jackpot was won by Pinky with her barely legal sandbass.

Denise was fabulous with the Mexican themed decorations and food. Everyone enjoyed salsa, guamole, carne asada, rice and beans. Soraya was one of the only ones to wear a Mexican Fiesta hat! You go girl!

As the fish started to bite we had to head in cuz the boat had another charter. See you next time.

Hugs and Fishes!

Love,  
Kellie

## Meet A Member

Pinky - [dwlanews@icloud.com](mailto:dwlanews@icloud.com)

This month's member is Beverly "Bev" Robertson. Bev is one of our more seasoned lady anglers. She has enjoyed several long range, overnight and 3/4 day fishing trips. Bev's favorite fishing is Tuna fishing. You can always recognize Bev by her beautiful custom BLUE rods, wrapped by Luc at Anglers Choice in San Diego. She'll also be one one standing in line with the most tackle and stuff (see editor's notes).

Bev started fishing when she became sober as an outlet. Her first trips were on the Seahorse out Dana with Dave Hansen (Donna K.'s brother). Dave introduced her to Cam and the rest was fishing history. Bev started fishing on "Chuck's Chummer" which is Cam's boat. Cam continued to teach Bev to fish. Bev started fishing 2 days a week with Myra DePasthory, a longtime Dana Wharf Lady Angler. Bev didn't need very much convincing to become a DWLA. Bev has been a member for over 20 years.

Besides her husband Cam, Pinky is her bestest fishing buddy! (ha ha)

Bev is also an accomplished Horsewoman. She is a retired professional horse trainer specializing in Western Showmanship. She has several big buckles that would put any cowboy or cowgirl to shame. Bev currently has two horses Buddy and Buck. The horses are stabled close to her house in

San Juan Capistrano. When Bev's not on the water you can usually find her at the stable. She has 2 of the cutest little dogs, Pet-e and Roxy and a cat named Princess or "KiKi."

Editors side note: Ladies often wonder what she has in all those bags she brings down to the boat. Bev is the most kindhearted person I know. She never lets anyone's birthday slip by and she's always stocked with Candy for her bestest buddy :) extra tackle for those in need, crazy glue for a broken nail, an extra jacket for someone that's cold. If you ever are lacking something on the trip chances are she's got you covered in one of those bags!

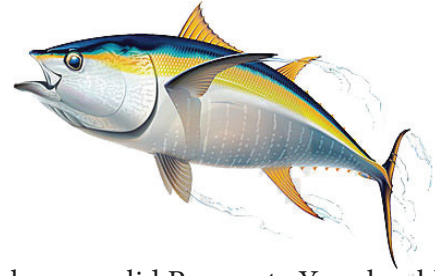

Proud to know her and call her my bestest friend - Pinky

# Tuna Time

By Beverly Robertson - bgfhsbev@cox.net

Here are suggested items you should have on a 1.5 to 3 Day Tuna Trip

## **PROOF OF CITIZENSHIP – YOU MUST HAVE A PASSPORT!**

All trips 4 days and longer require that all passengers, and crew members, have a valid Passport. You should bring it if you have it on a lesser trip as well. You don't want to be stuck in Mexico without it!

## **RODS and REELS**

There are several variations on model numbers on Rods and Reels. We've listed the model #'s that we feel work best. Some of the preferred rods are Calstar, Seeker, & G Loomis, as well as other quality rods. The reel sizes listed above are Shimano sizes. Our preference on reels is Shimano, Tiburon, Accurate, Avet. Fishing methods are constantly changing, so the wise angler always stays abreast of the latest in techniques and tackle. Consult your favorite tackle store before your Trip for Current "HOT" Items !

Line Size 40#

Rod Size 670, 700H, 800H, 6465H Calstar.

Reel Size Accurate BX-400, Shimano Trinidad 20 or 30 Or Equivalent To Them

Line Size 30#

Rod Size 670H, 865XH, 700M or 700ML

Reel Size Avet MXL or JX, Newell 338 or Diawa SL30 or 20#, 30# Shimano Reels

Line Size 20#

Rod Size 870, 970, or 700M

Reel Size Avet MXJ, MXL, or JX, Shimano 20 or 30 or equivalent to Them

## **TACKLE**

Fishing Line – With the advent of spectra backing and all the different variations of connections the necessity of bringing your own monofilament is no longer a requirement. All of the major line manufactures provide our customers with a high quality product; please feel free to bring your own line if you wish, 30, 40, 50, 60, 80, 100 & a leader wheel of 130 LB. Is recommended. Because of the nature of shorter top-shots a lot of our passengers find it more convenient to use the boats monofilament. We use Izorline for top-shots, Our crew is very knowledgeable on all the latest techniques for connecting mono to hollow spectra, they will be more than happy to change out your mono top-shots. We recommend 40 – 50 yard top-shot of mono; we use the Sato crimp system & Swifty glue on the spectra to mono connection.

## **HOOKS**

Mustad 94150, Bronze Finish; 1/0, 2/0, 3/0, 4/0, Quantity 24 of each

Owner

Super Mutu Circle Hooks; Size 1/0, 2/0, 3/0 Quantity 10

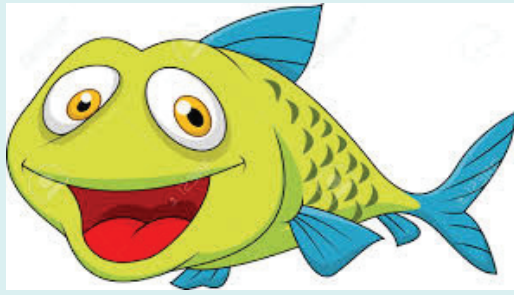

Sinkers – Torpedo; 3oz, and sliding 1oz (4 each);

Iron – Salas 6x, Tady 45 or similar – blue and white, Dorado, scrambled egg are good colors. Remember, for wahoo and tuna, use a single hook, NOT TREBLE HOOKS !

Trolling Lures – Zucker or Sevenstrand albacore style, Marauder or flash dancer

Tackle Box soft-pacs to store your tackle.

### Yellowtail with Ginger Roasted Shiitake Mushrooms and Root Beer Hoisin Vinaigrette

16 shiitake mushrooms, stems removed  
2 tablespoons olive oil  
1-ounce fresh ginger, peeled and sliced thinly  
Salt  
2 tablespoons soy sauce  
Root Beer Hoisin vinaigrette:  
1/4 cup root beer, flat  
1 tablespoon hoisin  
2 tablespoons white balsamic vinegar  
1 tablespoon mirin, boiled 10 seconds and cooled  
1 teaspoon minced shallots  
1/2 cup peanut oil  
4 (5-ounce) yellowtail fillets  
2 tablespoons peanut oil  
Salt and pepper

Preheat the oven to 425 degrees F.

To make the mushrooms, toss caps with olive oil, ginger, and salt, to taste. Place the mushrooms in a roasting pan and roast in the oven for 5 minutes, stirring occasionally. Remove the mushrooms from pan, cool, add soy sauce, and set aside.

In a medium size mixing bowl, combine the root beer, hoisin, vinegar, mirin, and shallots. Using a wire whisk, beat while slowly adding the oil a thin stream. Set aside.

To prepare the fish, preheat a saute pan and add the peanut oil. Season the fish with salt and pepper and place in the pan. Saute for 3 to 4 minutes per side or until fillet just becomes opaque. Set aside and keep warm.

To serve, place fish in the center of each plate. Top with 4 mushroom caps each and drizzle the vinaigrette over the fish.

## BOW - Becoming Outdoor Woman

I had so much fun at Catalina that I was remembering a fun outing I had that was put on by DFG (a while ago) now it looks like the DFW has turned this over to CWF, California Waterfowl. They are having a BOW Fly Fishing Weekend in August for more info. look at the attached flyer. This is not endorsed by the club... but I thought some of you ladies might like the info. Pinky PS - someone asked me about Gyotaku printing... this would be a great place to learn!

pend an exciting 3-days in beautiful Burney, CA (Shasta County) learning to Fly Fish at Wilderness Unlimited private fishing Bidwell Ranch. There are introductory and intermediate workshops (for past attendees) to get started and learn about this exciting outdoor sporting activity. This comprehensive workshop covers all of the basics of fly fishing; casting, reading the water, entomology, conservation, fly tying, knots, landing and releasing and plenty of hands-on practice. All fishing equipment will be provided. This workshop has room for both beginners and intermediates. A beautiful outdoor setting make this workshop a “can’t miss” opportunity. Plus, special this year, artist Andrew Jensen will teach you the fine Japanese art of Gyotaku-or fish printing. This was the original way for anglers to document their champion fish and dates back to the mid 1800s!

Bidwell Ranch, near Burney, is a privately owned ranch with five crystal clear ponds that are fed by Lost Creek and home to native trout. Accommodations are campsites and inside toilet facilities. You are responsible for some meals\*, fishing license\*\* and camping gear\*\*\*.

Cost: \$300
